

Lunchtime Presentation Application Information

At every NEWZATS conference we offer our Full members an opportunity to present their voice or voice-teaching research findings to the delegates. There are two or three 25-minute slots available for these Lunchtime Presentations which will occur at the start of lunch each day, 1.00pm

We now invite submissions of proposals for presentations on your current or recent research projects. These should involve some form of visual presentation (ie power-point and/or handout).

While it would be great to have paper presentations that are based on Conference topics, alternate topics will be considered.

Barbara Nicholls Memorial Scholarship:

At each conference, Council appoints a teacher/trainee with a passion for knowledge and learning, the opportunity to address our conference in honour of Barbara Nicholls' memory, with some conference expenses covered. This person is chosen from Lunchtime Presentation applicants.

Barbara Nicholls was an outstanding member of NEWZATS. She joined early in the formation of the association and worked tirelessly on our behalf. Barbara was spoken of by past Presidents, with much affection and respect. Her passions were her students and professional development for singing teachers. She often circulated articles and encouraged teachers to continue learning and improve their teaching.

Application Process:

- Read and complete the application requirements below
